SOLD OFF MARKET - 2 Weeks

We introduced 4 qualified buyers and received offers from all of them, the property was sold with little fuss and no fan-fare. In a COVID-19 affected market the \$1,545,000 selling price was a formidable result in 2 weeks.

If you would like more information about this property & the sale or if you are considering your property selling options please feel free to contact me for further information and a private no obligation strategy meeting.
